

## FDS - Risk Assessment - Pantomimes

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
Injury due to use of combustible powders.	The Actors/Back Stage Crew and Audience. By being burned if powders such as flour are thrown around the stage.	Potentially combustible powders not to be used in such quantities that dispersal into the air could reach the stage lighting or other ignitable source.	The stage must be swept immediately after use.	Stage Crew	During performance.	
Injury due to use of slippery substances or spills.	The Actors/Back Stage Crew. By slipping and causing pain or personal damage.	Alternative materials or activities to be considered.	The stage must be swept immediately after use.	Stage Crew	During performance.
