Combined risk assessment and policy template published by the Health and Safety Executive 09/09

Risk assessment

All employers must conduct a risk assessment. Employers with five or more employees have to record the significant findings of their risk assessment.

We have started off the risk assessment for you by including a sample entry for a common hazard to illustrate what is expected (the sample entry is taken from an office-based business). Look at how this might apply to your business, continue by identifying the hazards that are the real priorities in your case and complete the table to suit.

You can print and save this template so you can easily review and update the information as and when required. You may find our example risk assessments a useful guide (www.hse.gov.uk/risk/casestudies). Simply choose the example closest to your business.

Company name: Faringdon Dramatic Society

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
Slips, trips hazards on Stage	Adults and children may be injured if they trip over objects, or slip on spillages.	 General good 'housekeeping'. No trailing leads or cables. Backstage crew keep all stage areas clear Backstage lighting when possible All cast informed of potential dangers Sharp implements to be handled carefully and stored appropriately 	Ensure continuing good 'housekeeping' by stage crew especially with spills.	Stage manager and crew to monitor.	From now on	
'Explosives' on Stage & In Auditorium	Adults and children may be injured if they are too close to explosive devices Audience and cast with epilepsy or heart conditions may be adversely affected	 Devices set up by appropriately trained expert Cast and crew given clear instructions Devices clearly positioned and marked on stage Clear warnings to be put in programme and FoH area 		Stage manager and crew to monitor.	From now on	
Slips, trips hazards in changing rooms (classrooms)	Adults and children may be injured if they trip over objects.	 All cast reminded to keep floors and gangways clear of clothing/shoes etc Adult supervisors in children's changing rooms. 		All committee to monitor	From now on	
Slips, trips and hazards in Auditorium	Adults and children may be injured if they trip over objects, or slip on spillages.	 All areas well lit, including stairs. No trailing leads or cables around sound and lighting desk or band area These areas clearly marked out and boarded Any cables taped to floor with yellow/black tape. Refreshments served in dining hall 	■ Ensure continuing good 'housekeeping' by FoH team.	FoH manager Bar manager and team to monitor	From now on	

Risk assessment

Working at height	Stage crew working up ladders for lighting	 Specialist lighting expert brought in to set up. Second person at bottom of ladders for stability 		From now on
Accidents during set build	Set builders may damage themselves on sharp equipment eg srewdrivers, drills, saws etc.	■ All crew aware of need for personal safety.		From now on
Manual handling	Adults may receive injuries during scenery movements	All stage crew aware of need for safe lifting and handling of sets and equipment	•	From now on

Assessment review date: 01/01/11 (usually within one year, or earlier if working habits or conditions change)
